

# Cultural Tour

## Full Day Tours

The aim of this tour is to give the tourist the opportunity to understand the many cultures we have here in the Cape.

Weather permitting we will board the ferry taking us to Robben Island, the place where Nelson Mandela was locked up incarcerated for his role in the struggle.

We will visit the SA Museum and be formally introduced to the many cultures. We will also visit the district 6 museum and the so called Bo-Kaap to discover our eastern routes as well.

After this tour you would be able to answer questions like, why the struggle started, how did Islam get to South Africa and how did the many cultures including the Europeans come to settle down here. Weather permitting, if we can't do Robben Island will visit a nearby township.
