

Winelands Tour

Half Day Tour

Though this is a wine tour, you will be going on a bit of a nostalgic tour taking you back to the Dutch and French period of our history.

We will be taking you on a winelands tour of the Stellenbosch area, the heart of the wine industry in the Western Cape. Stellenbosch situated 45 min drive from Cape Town is a most charming Town with its oak lined avenues and is steeped in Dutch architecture. Discover this inviting little town after going for a cheese and wine experience on a nearby farm. Find out why “Simon Van Der Stel” enjoyed this place to which he gave his name to.

There is a museum complex you could be visiting or simply enjoy the time spend in Stellenbosch after a short town, a feast for the keen photographer or last minute shopper wanting something special for home weather it is African art or authentic items from the past.

This tour is a must for the traveller wanting to have an authentic experience. Tour times either AM or PM.
